

Attention all volunteers –

Are you registered with Volunteer Connection? If not, please consider signing up! Benefits to you, and to the Center, include:

- Mileage reimbursement for trips between your home and the center on the days you volunteer - \$.20/mile (age 55 and older volunteers)
- Supplemental liability insurance while on Center business
- Information on other volunteer opportunities in the county, as well as invitations to volunteer appreciation events

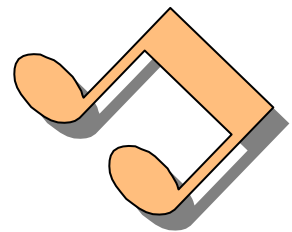

Free background check – this is a significant benefit to the Center. As of 2008, we are required to perform background checks on certain categories of volunteers, which will get expensive if we pay for those checks ourselves. All volunteers registered with Volunteer Connection are processed through their system and confirmed along the way – all you have to do is complete a brief application, and they do the rest!

Whether you wish to claim mileage or not, we'd greatly appreciate it if you would take a few minutes to complete the application so that we can complete the required background checks – this is particularly important for Meals on Wheels volunteers. Applications can be found at the front desk or with Meals on Wheels coordinators; completed applications can be turned in to MOW or to Kathy.

Thank you for your continued cooperation in this latest endeavour!

General Canby Days is around the corner, on the 4th of July...got a great idea for a float or other parade entry?

Our Very own Suzie Voss has been selected as Queen this year, so let's plan something to cheer her on and show off the Canby Adult Center!!!
